Synergistic combination built around calcium for healthy bones°.  
°Calcium is needed to maintain healthy bones. Vitamins K and D, manganese and zinc help maintain normal bones.

## Description

Strong bones°

Synergistic combination built around calcium for healthy bones°.

- °Calcium is needed to maintain healthy bones. Vitamins K and D, manganese and zinc help maintain normal bones.
- Vitamin D contributes to normal absorption/utilisation of calcium and phosphorus.
- Calcium and vitamin D support normal muscle function.
- Vitamin D, copper and zinc contribute to normal immune system function.
- Manganese and copper contribute to normal connective tissue formation.

## Daily intake

3 tablets per day.

Do not exceed the recommended daily dose. Calcium Plus is a dietary supplement and should not be used as a substitute for a varied, balanced diet and a healthy lifestyle. Store in a cool and dry place. Keep out of the reach of children. Consult your doctor or pharmacist before use in case of pregnancy or lactation. Not suitable for persons taking coumarin anticoagulants.

## Composition

### Ingredients per tablet

|                                                       |                     |
|-------------------------------------------------------|---------------------|
| Calcium (calcium L-pidolate)                          | 83.3 mg (10.4% RI*) |
| Horsetail (Equisetum arvense L.) aerial parts extract | 16.7 mg             |
| standardised at 7% silicon                            |                     |
| Zinc (zinc L-pidolate)                                | 3.33 mg (33.3% RI*) |
| Boron (sodium borate)                                 | 0.33 mg             |
| Manganese (manganese gluconate)                       | 0.2 mg (10% RI*)    |
| Copper (copper gluconate)                             | 0.2 mg (20% RI*)    |
| Vitamin K2 (menaquinone-7)                            | 15 mcg (20% RI*)    |

Vitamin D3 (cholecalciferol)

2.5 mcg (50% RI\*)

Ingredients: calcium L-pidolate, bulking agents (microcrystalline cellulose and maize starch), anti-caking agents (cross-linked sodium carboxymethylcellulose, magnesium salts of fatty acids and silicon dioxide), horsetail, zinc L-pidolate, manganese gluconate, vitamin K2, copper gluconate, cholecalciferol, sodium borate. \*RI: Reference Intake
